

## HOA 13.2 Data Storytelling using Tableau Online

Introduction

Age and date of death  
of COVID-19 patients

Most deaths per  
Region in the Philippi..

in this storyboard for CPE311-  
Computational Thinking with Python, we  
will be visualizing data from a local  
CSV from Kaggle. Data from the CSV file  
shows the Cases of COVID-19 that  
infected the Philippines.
